Hi Everyone: So good to be with you all and collaborate on behalf of our planet. Thank you all for all you do during this critical time and may you continue to be supported by our Parents as you go about your sacred tasks.

Here are today's notes. It was interesting in transcribing to note what they were working on. Hope we see some effects of this!

With love and gratitude,
Donna

Group Session; 8-4-21

Session began with focus on SOUL LANGUAGE and the energies started to communicate with the Spirit of Truth. *Denial of truth* appeared at the throat chakra, exposing and releasing a large scripting legacy. A large field of *deny* appeared very embedded with ACKNOWLEDGEMENT coming in as a corrective coding to alter the field.

Celestials moved into a field of communication dynamic that indicated some kind of control of communication. JESUS—COMMUNICATOR was infused into this field. Focus moved to the throat chakra as *denial of God* appeared and RECOGNITION OF DEITY was infused into this center. At this point, Susan mentioned that Lucifer was *defiant* and that was how he put himself in place of Father. Dark energies began to lift off as my focus went to INSPIRE (as the thoughts of God are recognized in human mind) and RESPIRE (the execution of those thoughts into material reality). Then new LANGUAGE was infused via Mother's ACTION.

Focus moved to ROOT LANGUAGE which the fundamental coding containing the evolutionary design for life to reach the stage of Light and Life. SOUL LANGUAGE appeared and then a gold light mesh fabric covered the planet as this energy language imprinted upon it. The energies spiraled down into lower densities implanting into planetary mind. The RECOGNITION/RE-COGNITION dynamic already existing in those circuits connected with the SOUL LANGUAGE and then the energies combined into one field infusing the circuit of HUMAN POTENTIAL. The integration process began.

An image appeared of many baby souls pulsing and imprinting upon PERFECTION OF PURPOSE. Then the field of HUMAN POTENTIAL began to rise and connect with higher fields as the entire planetary mind system was held in SOUL GROWTH, which is the objective for human life. More integration was conducted as the energies imprinted into the third eye chakra, and then calibrated to the root. Session ended here, but the integration will continue.
