The Truth Will Set You Free - Part 1

What relevance does this have to Covid, you may ask? It has everything to do with the technocracy agenda of the cabal who are using this Covid 'pandemic' (no worse than a flu epidemic) to depopulate us dramatically then turn whoever is left into transhumans. This explains how they plan to take over Australia but they also plan to take over every country in the world, perhaps in different ways. There are more videos I will transcribe as part of this series 'The Truth will Set you Free' by the talented Dawn Kelly. This is the first one. *Thanks Alan for this important link.*

Australia is an OCCUPIED TERRITORY of the United Nations

We are in the midst of a game but we don't understand the rules. That game is called 'Deception'. On 26 January 1910, the day we call 'Australia Day', is the day we became an occupied territory. We signed 8 treaties regarding recovery of debt, customs of war and the opening of hostilities. These treaties still apply. Due to previous wars in the early 1800s with America, the U.K. had accrued huge debts and borrowed money from the Rothschild Banking Cartel (who also lends money to the Holy See / Vatican). They also own the World Bank and the IMF (which are linked to the U.N.)

In 1908 debt collectors came in the Great White Fleet to Australia to set the terms and conditions for the payments of these loans as Australia is part of the Commonwealth and was used as collateral for these loans (usufruct is the right to enjoy and use others' property). The Hague Treaties set up the rules of engagement during the war. America as a foreign administrator of these loans set up a defacto government. Australia celebrated the arrival of the Great White Fleet and was oblivious to the truth of the takeover and gave them a massive welcome.

WWI lasted 4 years and ended in 1918 but hit Australia hard with 60,000 Anzacs killed and 2,000 injured. They fought so we could have freedom but the irony was that we were under foreign occupation.

The League of Nations was set up in 1920. Our P.M. Billy Hughes secured our nation's right to be a self-determining nation because of those Anzacs killed and injured. King George V declared Australia to be a self-determining nation which was noted in the changes to the Royal and Parliamentary Titles Act 1927. The Anzac Shrine in Melbourne was built in 1934 to honour our Anzacs.

The victors of war write the history. In 1939 at the beginning of WWII a treaty was forced into entry called the Declaration regarding the Teaching of History and the revision of school text books. This treaty outlines the way history is to be taught in schools to hide the truth that we are indeed an occupied territory under the Rules of

War. The foreign occupation foresaw the dangers that may arise through the presentation of certain historical events in school text books that people might disagree with.

On 24 October, 1945 the U.N. was formed and in 1948 the Nationality and Citizenship Act was passed which formally announced the U.N. as the Trustee of the Commonwealth of Australia. We then all became citizens of Australia and not Imperial subjects. This meant that officially we all boarded the citizen ship and joined the foreign occupation. (Citizens have no rights - Imperial Subjects are protected by war treaties). According to the Acts Interpretation Act 1901, Australia and the Commonwealth of Australia are defined as 'when used in geographical sense includes the Norfolk Island, the territory of Christmas Island and the territory of the Cocos (Keeling) Islands but does not include any other external territories. This means that the land mass we know as Australia is in actual fact, not. So what are we citizens of and why did they declare Australians citizens? Two words - the United Nations.

The U.N. is a privately owned organisation that is influenced by the global 'elite' who have been working towards the New World Order, a one world government to make the world interdependent so no one nation can be independent. The U.N. has many branches such as the WHO which promotes vaccinations for profit, the World Food Programme (WFP) which has destroyed the Australian farming industry to promote interdependence on other countries, the IMF which creates more poverty and debt for Australians and the world, the U.N. Population Fund (UNFPA), a eugenicist depopulation program, the World Meteorological Organisation (WMO) controlling weather and climate, the U.N. Refugee Agency (UNHCR) creating displaced communities and refugees, the U.N. Climate Change, a diversion to what is really going on, and the International Trade Centre (ITC), destroying small businesses, to name a few. The U.N. is funded by other private businesses such as the World Bank and the Bill & Melinda Gates Foundation. Over the years Australia gradually sold out and was sold off, Treaty by Treaty, Act by Act, by a defacto government that works for a foreign occupation.

In 1973 Gough Whitlam signed Australia over to the foreign Unidroit Treaty of Rome handing the equitable title of all mineral and energy wealth in Australia over to a foreign power, the head office in Rome. The U.S. signed over Unidroit in 1964 just after JFK was shot. Coincidence?

The Australia Act of 1986 changed the Constitution relating to the Commonwealth of Australia, Constitution Act of 1901 U.K. In short the Constitution was created to protect the people of Australia from corrupt government. Bob Hawke, PM at this time, made sure that this changed.
